We all know that parks are wonderful places to exercise both humans and pets. But with community growth and park use on the increase, we are experiencing some problems. We're getting more complaints about pets attacking other pets, damaging facilities, harassing wildlife, and frightening other visitors. The problem? Pets off of their leashes.

**Park rules require all pets to be on a leash not exceeding four feet in length.** Pets must not be left unattended. Pet owners are also responsible for cleaning up any fecal deposits left by their pets.\*

With your cooperation, we'll work to keep parks open for everyone, pets included. And that's what we really want to do. Without your help, we may have to consider stronger enforcement efforts and possibly bans on pets in our State Parks.

Thank you for your cooperation

### **PETS ARE NOT ALLOWED ON BEACH**

\* Rules for State Parks and Historic sites, pursuant to the provisions of the "Maine Revised Statutes Annotated," Title 12, Section 1803.6. Violation of park rules may result in eviction from the park, and is a Class E crime.
